## GENERAL INFORMATION:

Any individual, partnership, or corporation engaged in any business/profession or leasing equipment in the City of Alexandria as of January 1, 2023, must file a Business Personal Property Tax Return with the Finance Department, P. O. Box 178, Alexandria, Virginia 22313 on or before **May 1, 2023**.

The Business Personal Property Tax is based on the original purchase cost of all tangible business personal property (including furniture, fixtures, machinery and tools, and computers and peripherals) used in any business or profession. All tangible property located in the business as of January 1, 2023, must be reported on the annual return. Fiscal year businesses must include all property purchased in the calendar year even though the equipment will not be reflected on the federal depreciation schedule.

The annual assessment for business tangible personal property is calculated based on a percentage of the original cost on the equipment description, the year of purchase (acquisition year) and the assigned schedule.

If the business did not have any business tangible personal property located in the City as of January 1, 2023, the business is still required to submit an annual return that indicates that the business has no equipment and provide an explanation.

Failure to submit the annual return on or before the due date will result in a late filing penalty of five percent (5%) of the tax due or \$10, whichever is greater. If the return is filed within 30 days of the filing due date, the late filing penalty may not exceed the tax due and may not exceed \$500.00. **Failure to submit an annual business personal property tax return will result in a statutory (estimated) tax assessment. The statutory tax is based on an estimated assessment of \$75,000 for the first year in which the business failed to file a return.**

If a business begins or began operating in the City after January 1, 2023, there is no tax liability for the current tax year. If a business moves out of the City or ceases business after January 1, 2023, the business is liable for the full tax year. **THERE IS NO PRORATION OF A BUSINESS PERSONAL PROPERTY TAX BILL.**

**THE 2023 BUSINESS PERSONAL PROPERTY TAX IS DUE ON OCTOBER 5, 2023.**
